Welcome to Kido Golders Green

early years, reimagined

The first five years are the most crucial period of any child's life. And yet, the world over, nurseries and preschools rely on 20th century teaching and technology to prepare children for the 21st century.

At Kido, we've set out to change that, and bring advances in pedagogy, design and technology to create the highest quality nurseries and preschools anywhere.

Across the world, and here in the heart of Golders Green, we're creating magical spaces for children to play, learn, grow and thrive. Reach out to us and your nursery manager will take you on a tour of a magical learning journey for your child.

“Such a lovely daycare. My daughter entered when she was nine months - she quickly settled thanks to the very caring environment. Lots of fun activities and super clean. Very good reporting on your childs progress. I highly recommend it.”

Elodie F
Parent, Kido

"She does lots of activities like art and has also learnt such things as the alphabet and numbers really well! We are very happy at Kido and recommend it highly!"

Luke M
Parent, Golders Green

The Kido Story

by parents, for parents

We are owned and operated by a group of parents from all over the world. We were set up in response to our founders' struggles as young parents in different cities around the world. So, since our first school in Hong Kong in 2014, we've been obsessed with two things: improving learning outcomes for children, and our service to parents.

To meet our twin objectives, we've invested significantly in people, technology and systems on every aspect of a nursery operation - recruitment, training, curriculum, operations, observations and assessments, parent communication and much more.

We've served thousands of families in places as diverse as the USA, the UK, the UAE, India and China. Being international, we incorporate best practices from around the world.

Kido Nurseries & Preschools

nursery, meet the future

We are on a mission to build the best early learning spaces in the world. According to the Reggio Emilia approach to early education, the environment is considered the third educator. With that in mind, we've created some of the most stimulating preschools and nurseries in the world. No location can ever be too beautiful for our children.

Our school design goes hand in hand with our pedagogy. Every area is set up to aid the learning journey of each child. Furniture and resources are curated from the best providers in the world. Our technology platform allows teachers to spend more time on the children and less on administration. We use technology as a tool to improve the experience of both children and parents.

Kido Golders Green

“The activities are age-appropriate and imaginative and allow the child to explore all areas of learning in the Early Years.”

ES
Parent, Golders Green

“My daughter is in Adventurers and loves her days at nursery. She is so excited to go in when she arrives in the morning. Her teachers are amazingly warm and caring to her.”

R W
Parent, Golders Green

"I have been amazed by my child's cognitive, academic and social development. The management are tremendous, making it their business to know the intricate details of every child's day."

EG
Parent, Golders Green

Our

Pedagogy

early years, reimagined

We believe that a combination of free and structured play, an engaging and interactive learning environment, and an abundance of love, care and attention provide the most solid foundation for children in the early years.

The Kido Early Years Program draws best practices from leading philosophies from around the world, such as Montessori, Reggio Emilia and the theory of Multiple Intelligences. It is developed in house and supported by a world renowned panel of advisors. Our pedagogical leadership team has over 200 years of combined experience in early years teaching, research and pedagogy across more than ten countries, and in multiple languages. We modify our program for each country that we operate in, to adhere to national curriculum framework.

“We have found Kido to be a safe environment where he meets his friends, grows with them, engages in activities, makes mistakes and learns from them.”

Pranay G
Parent, Golders Green

"There is plenty of outdoor play as well as trips to local bus stations, fire stations, supermarkets and even the theatre."

“The education level is very high, we can see how much our daughter is developing intellectually and emotionally. No two weeks look the same at Kido.”

Reut K
Parent, Golders Green

Kido

People

listen, learn, lead

Happy teachers make happy children. We've gone to great lengths to ensure that our people are the most highly trained, motivated and engaged anywhere. Heavy investments in recruitment ensure that your child is taught by the best. Our local and international training and development programs are intensive, and ongoing. Leading experts from around the world run 'Master Classes' to ensure that our people are always a step ahead. Teachers have access to their peers from across the world in real time, so they can bring best practices from any classroom in the world to their own. Above all, we have perhaps the best benefits for our people in the industry, including discounted childcare for all Kido people as well as dedicated people trainers working alongside our teams to provide continuous professional development and on the job training and support.

"The staff is friendly and qualified. They seem to really care about the children."

Marlon L
Parent, Kido

“Kido is an excellent nursery, our son settled well and is really happy there. Great to get the regular updates through the app, including observations and pictures. It’s lovely seeing what he’s been up to!”

Cara N
Parent, Kido

Parent **Communication**

always at your fingertips

The Kido Parent App keeps you in touch with the nursery in real time. You can track your child's progress, their 'wow' moments, and message the nursery in a secure manner through the app. New features are added continuously to keep enhancing the parent experience.

Your nursery manager is on hand to help with any enquiries, arrangements or questions. Our partnership with and service to parents is core to Kido, and we're dedicated to try and meet all your needs!

"I also love the variety of food served - curries, stews, shepherd's pie, different fruit each day. Thank you Kido Golders Green!"

Becki S
Parent, Golders Green

Kido

Golders Green

we have two nursery settings here!

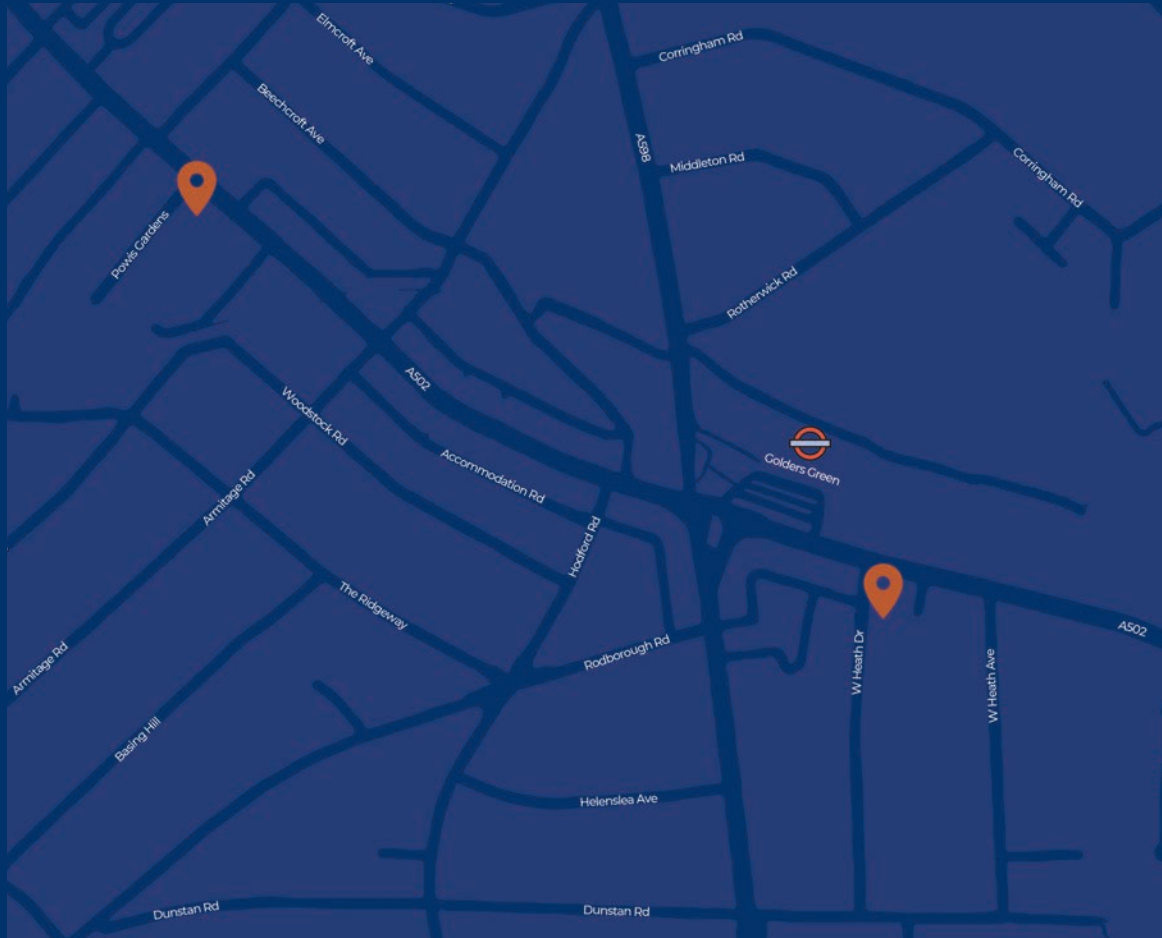

Kido West Heath Drive is conveniently situated near Hampstead Heath Park and Golders Green tube station, with Golders Hill Park and its petting zoo nearby. The nursery, housed in a repurposed church hall, offers spacious rooms across two floors and includes an art studio and a delightful garden with a bike track, sandpit, and mud kitchen.

We are pleased to welcome Kido Golders Green Road, a fantastic nursery featuring thoughtfully designed classrooms for different age groups. Children enjoy ample time in the nursery garden and engage in local outings to enhance learning. Situated just a ten-minute walk from Golders Green tube station, it's an ideal option for commuting parents.

"I highly recommend Kido to anyone, especially preschool room pathfinders. The staff are great, very knowledgeable and caring."
