“Kido has brought innovation and energy to the early years sector.”

Judges at the Education Investor Award 2020

Welcome to **Kido Streatham**

early years, reimagined

The first five years are the most crucial period of any child's life. And yet, the world over, nurseries and preschools rely on 20th century teaching and technology to prepare children for the 21st century.

At Kido, we've set out to change that, and bring advances in pedagogy, design and technology to create the highest quality nurseries and preschools anywhere. Across the world, and here in the heart of Streatham, we're creating magical spaces for children to play, learn, grow and thrive. Reach out to us and your dedicated nursery manager will take you on a tour of a magical learning journey for your child.

“The activities they do are so imaginative and fun, we love getting the pictures every week. The food provided is healthy and nutritious.”

Jennifer P
Parent, Kido

"Excellent facilities - everything is brand new! The nursery is great at communication and we are kept up to date with our child's progress, but also how he is doing day to day (meals, toilet training etc)."

Urooj A,
Parent, Streatham

The Kido Story

by parents, for parents

We are owned and operated by a group of parents from all over the world. We were set up in response to our founders' struggles as young parents in different cities around the world. So, since our first school in Hong Kong in 2014, we've been obsessed with two things: improving learning outcomes for children, and our service to parents.

To meet our twin objectives, we've invested significantly in people, technology and systems on every aspect of a nursery operation - recruitment, training, curriculum, operations, observations and assessments, parent communication and much more.

We've served thousands of families in places as diverse as the USA, the UK, the UAE, India and China. Being international, we incorporate best practices from around the world.

Kido Nurseries & Preschools

nursery, meet the future

We are on a mission to build the best early learning spaces in the world. According to the Reggio Emilia approach to early education, the environment is considered the third educator. With that in mind, we've created some of the most stimulating preschools and nurseries in the world. No location can ever be too beautiful for our children.

Our school design goes hand in hand with our pedagogy. Every area is set up to aid the learning journey of each child. Furniture and resources are curated from the best providers in the world. Our technology platform allows teachers to spend more time on the children and less on administration. We use technology as a tool to improve the experience of both children and parents.

Kido Streatham

"We can't fault Kido in any way. The staff are incredible, our daughter loves going in every day. The individual attention they give her is second to none, they really know her and her likes / dislikes."

E W
Parent, Streatham

"My son absolutely adores going to nursery and we couldn't have made a better choice than Kido. The activities and learning opportunities are always varied and stimulating and our son is so happy here."

Suzette C
Parent, Streatham

“At the moment my son goes there happily and we keep being informed by the management about his progress and well-being all the time. I'll recommend Kido to anyone.”

H D
Parent, Streatham

Our Pedagogy

early years, reimagined

We believe that a combination of free and structured play, an engaging and interactive learning environment, and an abundance of love, care and attention provide the most solid foundation for children in the early years.

The Kido Early Years Program draws best practices from leading philosophies from around the world, such as Montessori, Reggio Emilia and the theory of Multiple Intelligences. It is developed in house and supported by a world renowned panel of advisors. Our pedagogical leadership team has over 200 years of combined experience in early years teaching, research and pedagogy across more than ten countries, and in multiple languages. We modify our program for each country that we operate in, to adhere to national curriculum framework.

"The teachers really make an effort to engage the children and develop them in a very individualised way."

Ritah A
Parent, Streatham

"There is a tonne of learning material and toys and most importantly, the staff are magnificent. "

Tim R
Parent, Streatham

“Our experience at Kido Streatham has been great. The staff have made us feel welcome and supported us with all the concerns we have had since our little girl joined.”

R B
Parent, Streatham

Kido

People

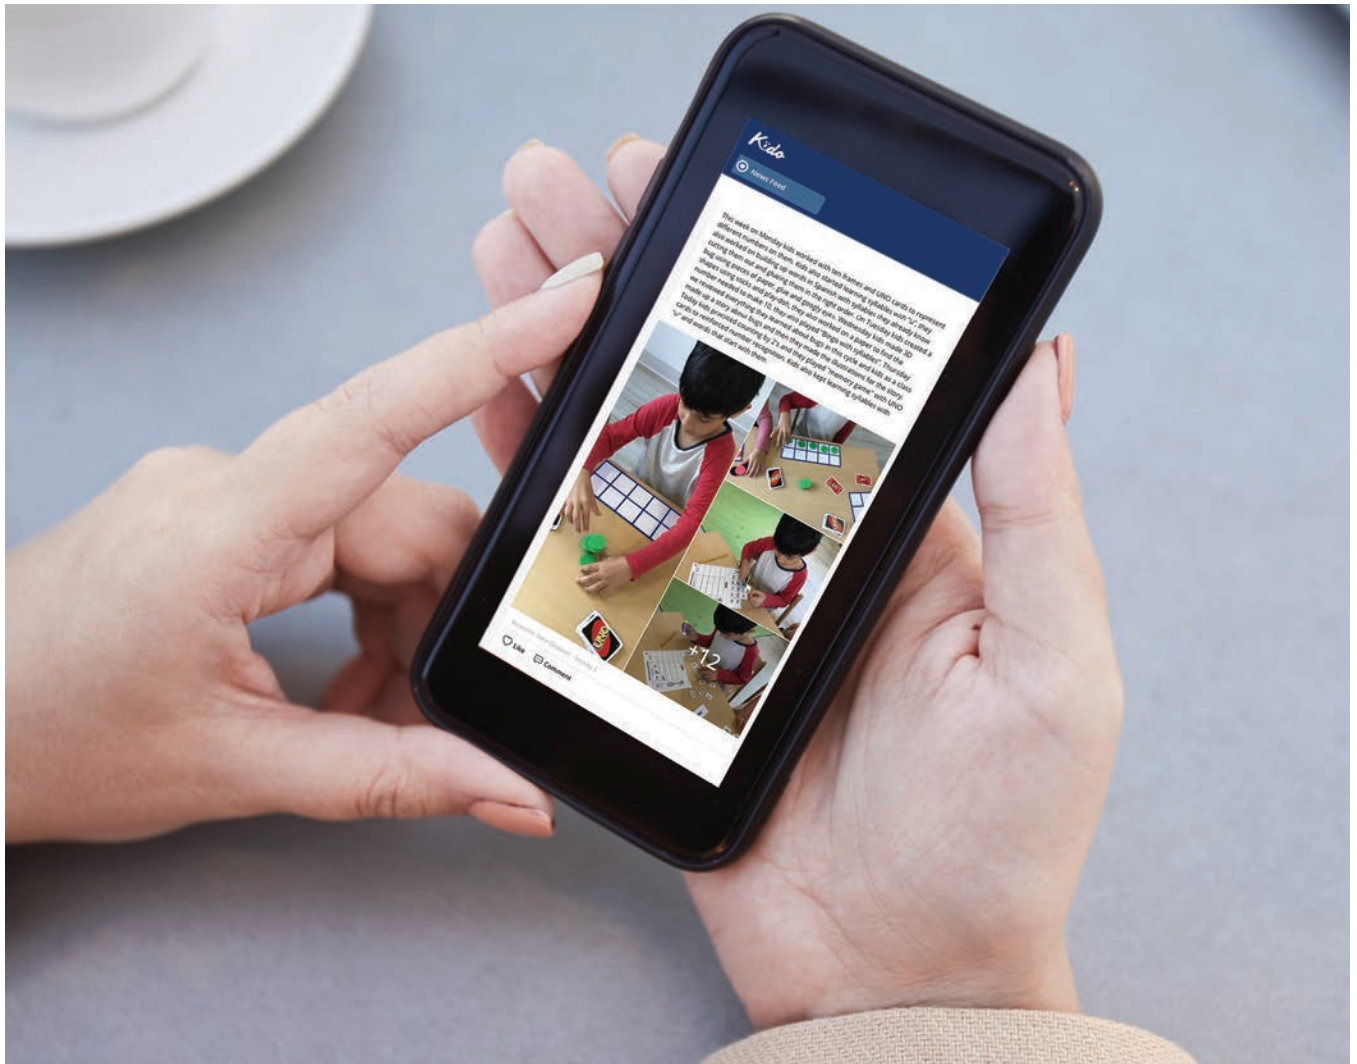

listen, learn, lead

Happy teachers make happy children. We've gone to great lengths to ensure that our people are the most highly trained, motivated and engaged anywhere. Heavy investments in recruitment ensure that your child is taught by the best. Our local and international training and development programs are intensive, and ongoing. Leading experts from around the world run 'Master Classes' to ensure that our people are always a step ahead. Teachers have access to their peers from across the world in real time, so they can bring best practices from any classroom in the world to their own. Above all, we have perhaps the best benefits for our people in the industry, including discounted childcare for all Kido people and dedicated people trainers working alongside our teams to provide continuous professional development and on the job training and support.

"The staff is friendly and qualified. They seem to really care about the children."

Marlon L
Parent, Kido

“We can track her meals and naps easily on the app and get an update on her day every time we pick her up. All in all, a brilliant little nursery for our daughter.”

Natalie B,
Parent, Streatham

Parent **Communication**

always at your fingertips

The Kido Parent App keeps you in touch with the nursery in real time. You can track your child's progress, their 'wow' moments, and message the nursery in a secure manner through the app. New features are added continuously to keep enhancing the parent experience.

Your nursery manager is on hand to help with any enquiries, arrangements or questions. Our partnership with and service to parents is core to Kido, and we're dedicated to try and meet all your needs!

“Very friendly staff. My daughter is happy to go there and has lots of fun. The food is great and we have an app where we can track what your child is up to.”

Kido Streatham

home away from home

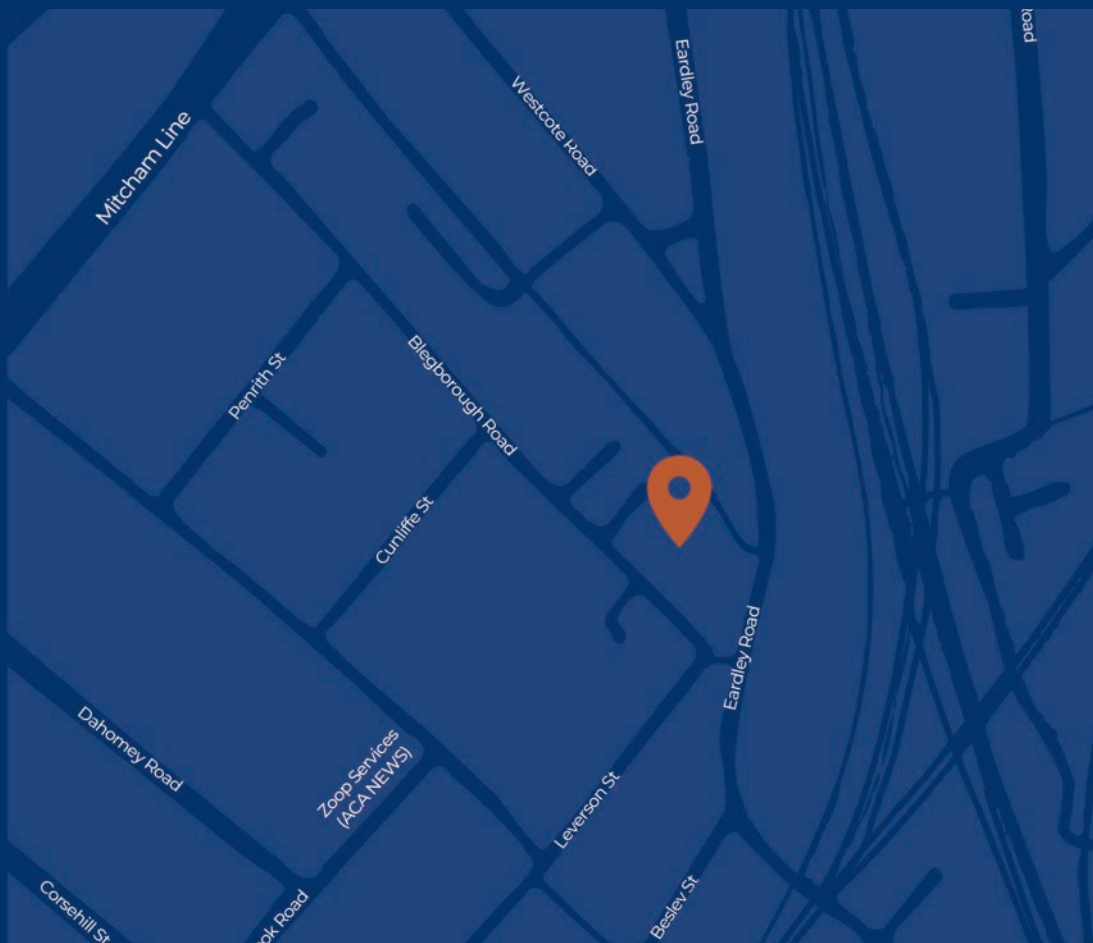

Kido Steatham is truly special. The newly refurbished building provides children with enabling learning environments and an abundance of space to explore and learn. We have a lovely outdoor space where children can flow from indoors to outdoors and experience the novel learning opportunities of STEM and a dedicated children's kitchen.

Learning will take place in many shapes and forms across the nursery allowing children to thrive in a well-planned and designed building. Kido people and parents will benefit from having additional space to come together within the nursery and work in partnership when settling children into the nursery and ongoing review of development and learning. Our modern and welcoming classrooms allow children to feel safe and secure and excited to learn.

"Kido Nursery is a really friendly, welcoming environment with a lovely community of parents! Our 20 month old started at the nursery around 1 year and has grown in character and developmental abilities significantly in that time."

Katie L
Parent, Kido

Conveniently located for Streatham and Streatham Common stations, for families who commute to central london. Well located to local bus stops and residential areas.

113 Blegborough Road, London, SW16 6DL, Greater-London
