“Kido has brought innovation and energy to the early years sector.”

Judges at the Education Investor Award 2020

Welcome to **Kido Windsor**

early years, reimagined

The first five years are the most crucial period of any child's life. And yet, the world over, nurseries and preschools rely on 20th century teaching and technology to prepare children for the 21st century.

At Kido, we've set out to change that, and bring advances in pedagogy, design and technology to create the highest quality nurseries and preschools anywhere.

Across the world, and here in the heart of Windsor, we're creating magical spaces for children to play, learn, grow and thrive. Reach out to us and your dedicated nursery manager will take you on a tour of a magical learning journey for your child.

"Our little one loves going to the nursery - since day one. The team at Kido Windsor are absolute professionals who could not be more loving towards the children. We as parents love seeing the development that our child achieves and brings home."

E B
Parent, Windsor

"It is a beautiful, nurturing environment with lots of fun activities planned every day. My little ones come home full of stories of their adventures and absolutely love going there every day."

Stephanie M
Parent, Windsor

The Kido Story

by parents, for parents

We are owned and operated by a group of parents from all over the world. We were set up in response to our founders' struggles as young parents in different cities around the world. So, since our first school in Hong Kong in 2014, we've been obsessed with two things: improving learning outcomes for children, and our service to parents.

To meet our twin objectives, we've invested significantly in people, technology and systems on every aspect of a nursery operation - recruitment, training, curriculum, operations, observations and assessments, parent communication and much more.

We've served thousands of families in places as diverse as the USA, the UK, the UAE, India and China. Being international, we incorporate best practices from around the world.

Kido Nurseries & Preschools

nursery, meet the future

We are on a mission to build the best early learning spaces in the world. According to the Reggio Emilia approach to early education, the environment is considered the third educator. With that in mind, we've created some of the most stimulating preschools and nurseries in the world. No location can ever be too beautiful for our children.

Our school design goes hand in hand with our pedagogy. Every area is set up to aid the learning journey of each child. Furniture and resources are curated from the best providers in the world. Our technology platform allows teachers to spend more time on the children and less on administration. We use technology as a tool to improve the experience of both children and parents.

Kido Windsor

“The staff take the children out daily on walks and adventures so he gets plenty of air. They also go to watch the soldiers and feed the ducks. When I compare what he gets to eat compared to other nurseries, it’s amazing.”

L D
Parent, Windsor

"His development in all areas has come on in leaps and bounds and the activities provided such as the sports coach are fab!"

R W
Parent, Windsor

“Their curriculum is well structured and accommodates different abilities, the staff and management are great (they do care and are so involved), the food choices - are healthy, and it’s very clean indeed, any time of the day.”

Elena W
Parent, Windsor

Our Pedagogy

early years, reimagined

We believe that a combination of free and structured play, an engaging and interactive learning environment, and an abundance of love, care and attention provide the most solid foundation for children in the early years.

The Kido Early Years Program draws best practices from leading philosophies from around the world, such as Montessori, Reggio Emilia and the theory of Multiple Intelligences. It is developed in house and supported by a world renowned panel of advisors. Our pedagogical leadership team has over 200 years of combined experience in early years teaching, research and pedagogy across more than ten countries, and in multiple languages. We modify our program for each country that we operate in, to adhere to national curriculum framework.

Kido Windsor

"They made this new transition easy for our 18-month-old son and for us.
It's a joy to watch our son bloom into a confident and happy boy!"

P M
Parent, Windsor

“My son loves going to nursery. Great care and development.
Thank you Kido!”

Victoria F
Parent, Windsor

“We couldn't be happier with our choice of Kido Windsor as a nursery for our little boy. Right from day one both my husband and I, and our son felt welcome, reassured and part of the Kido family.”

L M
Parent, Windsor

People

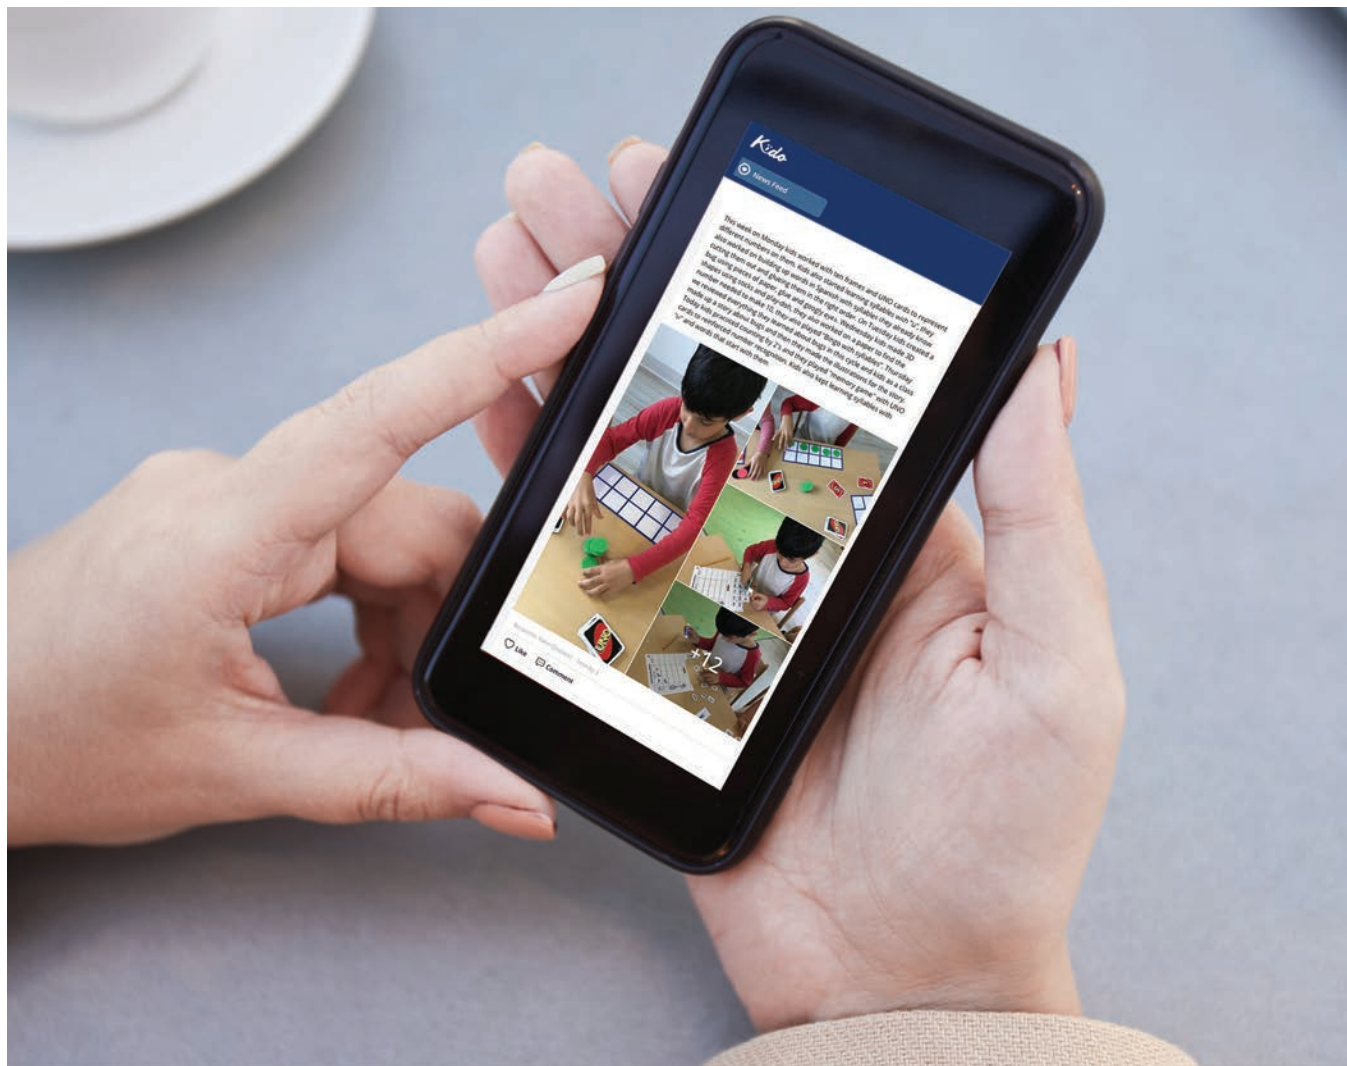

listen, learn, lead

Happy teachers make happy children. We've gone to great lengths to ensure that our people are the most highly trained, motivated and engaged anywhere. Heavy investments in recruitment ensure that your child is taught by the best. Our local and international training and development programs are intensive, and ongoing. Leading experts from around the world run 'Master Classes' to ensure that our people are always a step ahead. Teachers have access to their peers from across the world in real time, so they can bring best practices from any classroom in the world to their own. Above all, we have perhaps the best benefits for our people in the industry, including discounted childcare for all Kido people as well as dedicated people trainers working alongside our teams to provide continuous professional development and on the job training and support.

"The staff is friendly and qualified. They seem to really care about the children."

Marlon L
Parent, Kido

“Communication through the app is excellent and we love to see pictures at the end of the week of all the great activities the children have been doing. Thank you Kido for all your hard work.”

Parent **Communication**

always at your fingertips

The Kido Parent App keeps you in touch with the nursery in real time. You can track your child's progress, their 'wow' moments, and message the nursery in a secure manner through the app. New features are added continuously to keep enhancing the parent experience.

Your nursery manager is on hand to help with any enquiries, arrangements or questions. Our partnership with and service to parents is core to Kido, and we're dedicated to try and meet all your needs!

Kido Windsor

“Great communication, healthy food and brilliant resources to help stimulate and grow your little one’s mind. Would highly recommend.”

Kat P
Parent, Windsor

Kido

Windsor

home away from home

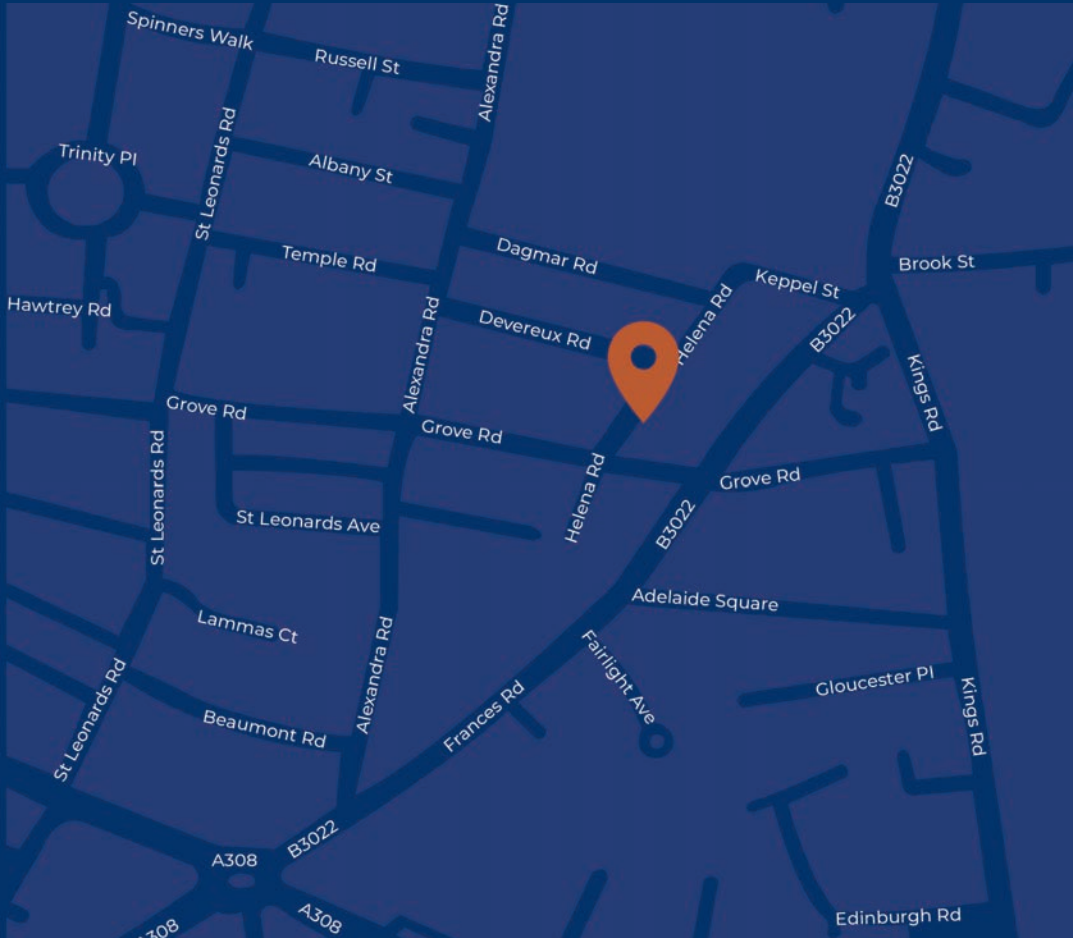

Kido Windsor is truly special. The iconic scenery that surrounds our Windsor nursery is sure to inspire you and your children. The nursery is a short walk away from Windsor station and the Long Walk.

The nursery features beautifully curated spaces and is equipped with a custom-made all-weather play area. The building provides children with enabling learning environments and space to explore and learn. Our children enjoy regular trips out in the local area, exploring the park, and seeing the famous changing of the guards at Windsor Castle.

"The curriculum is amazing, offering a mixture of activities for both my children which is what personally stood out for me."
